

## Camp Kangaroo

Created by [Camp Kangaroo](#)

Here, children can journey through grief—and embrace life—in a safe and supportive atmosphere. With dedicated bereavement professionals and volunteers on hand, children learn about grief and experience healthy outlets for expressing their feelings.

Children participate in grief education and receive emotional support combined as well as traditional camp activities.. Camp Kangaroo is based in psychotherapy and creative arts therapy. This program helps children feel less alone in their grief, provides them with a supportive environment to express their emotions, and helps them learn effective coping strategies.

### WHO SHOULD ATTEND

Because children experience grief in a unique way, Kangaroo campers appear in different developmental stages of grief. Staff conducts interviews with each family in order to provide the best care possible.

Please visit the [Camp Kangaroo Website](#) for location and date information. They typically operate grief camps in Florida, Michigan, Arizona, Wisconsin and Baltimore.
