

## The Elizabeth Hospice

Created by [The Elizabeth Hospice](#)

Elizabeth Hospice has a 37-year tradition as the premier provider of medical, emotional and spiritual support to the seriously ill and their families. Elizabeth Hospice has served San Diego and South Riverside Counties since 1978, providing services to more than 90,000 patients and families regardless of their ability to pay. In addition, the Center for Compassionate Care of The Elizabeth Hospice provides comprehensive counseling and grief support services to the community-at-large, regardless of the type of illness or death experienced. Elizabeth Hospice is partnered with Camp Spero, which is a place of healing for children, ages 7 to 17. At camp, children honor and memorialize their loved one while making friends with others who are facing similar circumstances.
