Hospice programs are called, not only to serve the individual experiencing a life-limiting illness, but also his or her family and the community. Catholic Hospice's bereavement programs are aimed at helping people move toward a healthy adjustment to the many changes in their lives after a death in the family. They offer multiple programs including [Camp Erin South Florida](#).

Family Support

Catholic Hospice has a personal, caring bereavement team of professionals that serves families during and following the death of a loved one receiving hospice care. The service continues through at least the one-year anniversary date of the death. In addition, Catholic Hospice provides annual Memorial Services for remembrance of a loved one.

Bereavement Support Groups

Catholic Hospice provides on-going bereavement support groups through out the Miami-Dade Community, which are facilitated by experienced counselors. The support groups are free and open to the community.

Grief in the Workplace /Crisis intervention Program:

Catholic Hospice Bereavement professionals deal with the issues of grief every day. As a result, they are experienced in responding effectively to a crisis. Our team is available to assist in helping our community cope with loss through special programs:

- Work place: to assist with the loss of a co-worker
- Schools during the loss of a classmate
- Crisis Intervention for the community after a catastrophic event, such as Hurricane Andrew
- Professional staff trained in Jewish rituals and traditions sensitive to the needs of people of Jewish faith
