

BRIDGES A Center for Grieving Children - Camp Erin Tacoma

Created by [BRIDGES A Center for Grieving Children](#)

Due to the Corona pandemic, 2020 Camp Erin dates may have changed. Please visit our [Find Your Camp map](#) for updated information.

As part of the continuum of care offered by Mary Bridge Children's Hospital & Health Center, the BRIDGES program is a family grief support center for children between the ages of 4 and 18 years who have experienced the serious illness of a family member or death of a relative or close friend.

BRIDGES provides a supportive, creative and understanding environment for bereaved children and their families.

It is a safe place where children can work and play at healing the losses that trouble them. BRIDGES is the Eluna's Camp Erin Tacoma partner.
